NUMBER TEN: TRISHA DONNELLY
February 7 – August 2, 2015

The JULIA STOSCHEK COLLECTION is pleased to present, in its eighth year, its tenth exhibition with a selection of works by US-American artist **Trisha Donnelly** (born 1974).

The presentation comprises works from the collection ranging from moving image, photography, sound installation to sculpture. The ensemble is creating a space saturated with a potential for transformations and reconfigurations of the senses, of realities. In continually fluid interactions between the material and the immaterial Donnelly generates moments of absolute concentration.

For press material and images please use the following download link:
